JUSTIN K. SHIIBA
_____
100 West Quincy Street, Somerville, Massachusetts 02144 (916) 300-0189 jshiiba@gmail.com

Objective   An internship focusing on Back-end Web or Mobile development

Education   Tufts University, Medford MA
Undergraduate – Future Graduate Class of 2015
Computer Science Major

Technical skills   C++, C, Java, Python, Ruby, Rails, JavaScript, SQL
Github, Vim, Valgrind, GDB, Linux, Unix, HTML, CSS, jQuery
MS Office, Adobe Illustrator, Adobe InDesign, Adobe Photoshop

Relevant Courses   Data Structures in C++
Machine Structure and Assembly Language Programming in C
Programming Languages
Web Programming
Computation Theory
Object-Oriented Programming for Graphical User Interfaces in Java

Experience   **Software Developer and UX Designer**, June 2013 – Present
Gopinion, Weston, MA
- Design and implement the entire front-end of Gopinion's iPhone app using Titanium Appcelerator's Alloy Framework in JavaScript
- Reconstruct and maintain a database in SQL to store Gopinion's user information

Teacher's Assistant, January 2014 – Present
Tufts University Computer Science, Boston, MA
- Instruct students in a second-term course, Data Structures, and provid assistance on student projects

Intern and Teacher's Assistant, June 2012 – September 2012
General Assemb.ly, New York City, NY
- Collaborated with students to develop marketing tactics for several startups affiliated with General Assembly
- Taught students HTML, CSS and JavaScript at General Assembly

Front-end Developer, September 2012 – October 2012
SOCO Marketplace, New York City, NY
- Coded and designed HTML/CSS//JavaScript

Activities   **Tufts University Robotic Sail Team**, *Developer*, Oct 2013 - Present
- Programmed several Arduino's for the sailboat's embedded system
- Created a GUI to track the sailboat's location and other related data
Boy Scouts of America, *Eagle Scout*, 2003 – 2011
Granite Bay High School Gazette, *Editor and Staff Writer*, 2011 – 2012
Asian American Alliance, *Co-Entertainment Chair*, 2012 – Present
